

Welcome to the M/I Homes Lottery! We are excited to release another phase of new homes and homesites in Annsborough Park.

To enter the lottery, we ask that you follow these simple steps on the day of the event.

- Upon your arrival, you will be asked to sign a registration form. Please provide your full legal name, email address, and phone number where you can be reached at the conclusion of the lottery.
- Please note: If you are working with a licensed real estate agent, they must be present prior to registering. If they are unavailable to attend, someone from their firm may stand in to represent them. If you are not currently working with an agent or your agent is not physically present, **they cannot be added later.**
- Once your registration form is complete, you will proceed to the homesite registration tables to sign up for the homesites of your choice. You sign up for more than one homesite but will only be qualified to be the winner of one homesite. Please note that you will be asked again for your full legal name, phone number, and real estate agent's information at each registration table.
- *Only one entry per household* is allowed. Husbands and wives cannot enter separately for the same household. In the event this happens, both entries will be disqualified.
- Once you have completed registering for the homesites, follow the signs to exit the building. Please do not remain in the building, as we must follow fire capacity laws. You may wait in your car in the parking lot until the lottery winners are chosen.
- The lottery drawings will begin after the homesite registration process concludes at 11:30 and the last restraint is completed! These will be done in numerical order of the homesite numbers. The winners will be selected via a computer-generated randomizer, and we will call them immediately via the phone number provided on the registration form.

Lottery Winner Information:

- If your name is drawn for more than one homesite, you will be considered the "winner" of the first homesite you were selected for. Your agent must also be present at this point. If they are not physically present with you when you claim your winning homesite, they will not be on the contract or paid a commission from M/I Homes.
- M/I Homes will notify each winner via phone to set the contract appointment and collect the deposit. Please have your account and routing numbers available.
- If the first-round winner declines to proceed, we will move on to second-round winners.
